Annual Hereford Bull Sale

34 Two Yr Old Bulls • 4 Select Yearling Bulls

1:00 pm CST - March 04, 2023 - At the Ranch South of Moose Jaw

Please join us for our 17th Annual Bull Sale at the ranch southwest of Moose Jaw, Saskatchewan.

This business has allowed us to meet and get to know so many great people and families over the years. It is the best part of the purebred business. Thank you to our valued customers, your support over the years has been very much appreciated. Your support guides our program in producing rancher bulls that can go out and work in the commercial industry.

We have always placed a significant amount of time and effort into the selection of the herd bulls we use and the replacement females we retain in the herd. You will notice many of the pedigrees trace back to our female maker, CL 1 Domino 9121W ET, a bull we purchased from Cooper Hereford Ranch in Montana. The cows behind these bulls are ran the same as our commercial cows, side by side. Udder quality is something we pride ourselves in. Disposition of our cowherd is second to none, but not giving up vigor at birth.

Our two year old bulls after weaning are basically backgrounded through the winter. They receive the same TMR ration as our heifer calves throughout winter; meaning our yearling weights may not be as high as some you will come across. Then in the spring they go to native grass only. We do not creep them in any manner over the summer. Then in late fall they are introduced to a TMR ration. We started them this year on November 1, 2022 and trailed them home in late December.

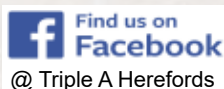

Our bulls are built to last with longevity in mind. These boys are stout, made with tremendous muscle and tops. They are high in quality and have the ability to adjust to any condition. Buy with confidence, that they will out produce themselves, after all they are half of your calf crop.

The 6049 sons are definitely a feature this year. They are an outcross to our program. The thickness and top of these bulls is simply unbelievable. You need to see them in person to really appreciate the quality of this sire group. They may be the best we have raised to date. We are using two 6049 sons in the herd and one of them is the 2022 Agribition Champion Bull.

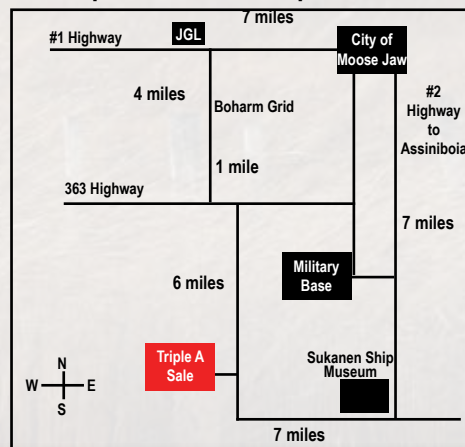

Please join us on March 4th for lunch and some great hospitality. We would love to show you what we have to offer.

Take Care and see you then!

Murray

Sale Location

7 miles south of Moose Jaw on #2 Highway (heading towards Assiniboia)
Turn west (right) at the Sukanen Ship Museum. Travel 7 miles west to the
Triple A Hereford Sign. Turn right the take the 2nd road on the left hand
side into the yard.

Google Map Pin Location: 50.282971, -105.699068

Breeding Guarantee

All animals are the purchaser's responsibility as soon as sold. All bulls
sell under the Terms and Conditions outlined by the Canadian Hereford
Association.

US Purchases

There will be a \$300 fee on all American purchases under \$5000 to cover
health testing and brokerage fees.

Sight Unseen Program

Unable to make it to the sale. No problem! Give us a call and we will try
and accommodate your herd bull needs. No one knows the bulls and our
cows better than we do. We will help you in selecting your new herd sire
in any way.

Delivery

Given this year's feed shortages, we will begin delivering the bulls right
after the sale. Our goal is to get the bulls delivered to their new homes as
soon as possible. We will continue to develop your newly purchased herd
sire free of charge until April 15, 2023. Bulls will be delivered between
sale day and April 15, 2023 free of charge anywhere in the prairie
provinces to the nearest central location. Bulls remaining at Triple A
Herefords must be insured by the purchaser. If you don't insure your bull,
we are not responsible for any injury or loss.

*** If your bull needs to stay later than April 1, 2023, the fee is \$8.00 per
day until delivery. An invoice will be presented at time of delivery.

*** Receive \$200 discount off the purchase price if you take him sale day!

This will be a VIDEO BULL SALE!
Bull videos will be available for
viewing on February 20, 2023 at
www.tripleaherefords.ca

ONLINE BIDDING IS AVAILABLE:

Watch and bid online at livestockplus.ca. (306-631-9254). Please
register to bid before sale day. If you're planning to bid online,
please feel free to contact the sales staff or Murray as we are
pleased to help select a bull(s) that will fit into your program.

How Our Cowherd is Managed:

We ranch in the Back 40 you might say, southwest of Moose Jaw, Saskatchewan on the face of the Missouri Couteau Hill range. Our purebred and commercial cows are managed the same way. 95% of our land base is native grass. Pastures are large and water is scarce. Cows need to be good footed due to the distance they need to travel for water. Every cow is expected to raise a good quality calf and rebreed in a timely fashion. Udder quality is of the utmost importance. Our herd sire selection criteria is based on the quality of the dam first and the rest of the criteria follows.

We have tried to picture as many mothers to the sale bulls as possible so you can see the type of cattle we raise. We are proud of our cowherd and feel we are on the right track, but there is always room for improvement. I think you will be impressed with the pictures in the catalog. Mothers will be available for viewing on sale day. Just ask us and we will take you through the cows.

Sale Bull Selection & Development:

- The two year old sale bulls are kept specifically for this sale to keep quality at the top. They are not left overs from the previous sale.
- We do sell a minimal amount of yearlings bulls in the sale to fulfill the needs of our buyers. They are representatives off of 50 plus bull calves. The remainder is kept for the next year's sale. The quality is from the entire group.
- We do not trim feet on the sale bulls. We believe buyers appreciate this so they can see exactly what they are buying. Poor footed and structured bulls never make it to the sale pen. They get a one way ticket to town.
- Every purebred calf born at Triple A is weighed with a scale to ensure accuracy. Something to consider is that length of body is most difficult to breed in cattle. Calves with a lot of length will have higher birth weights.
- Lastly, we do not creep feed. The weights are the weights. We believe if you creep feed, how do you really know the true production of your cows.

A Bull for Everyone!

72% of our bulls sell between
\$4500.00 - \$7000.00

28% of our bulls sell between \$7000 - \$10,000

*Our goal is to ensure that any cattle operation
can attend our sale and purchase a quality
bull within their budget!*

New Herdsire Alert

Sons of the 6049 - 6 Sons Sell

Triple A 6049 Jaguar ET 7J - 2022 Agribition Champion Bull
Sired by PCC 457Y Hondo 6049 ET Dam: Triple A 2059 Brook ET 12B

PCC 457Y Hondo 6049 ET
Pictured slick sheared 10 days after breeding season.

We really like how this bull has bred for us. The cattle are thick and round muscled with great breed character. Take a look at our CWA Champion bull - lots of forearm and natural thickness. The foot quality on the 6049's are exceptional. The first 6049 daughters will calve this spring and we are excited to see what awaits!

Triple A 2059 Brook ET 12B

A Stockman 2059 ET cow that has truly made her mark here. We really like the length of body and depth of 12B. She has done a phenomenal job raising Jaguar 7J. Her grandmother, Ramada 15R, has produced many sale high sellers and has a perfect udder too!

- Truly one of our favorite 6949 sons and popular by many that saw him this fall. He was awarded the 2022 Agribition Champion Bull Calf and Reserve Bull Calf at the Alberta Hereford Showcase.
- He is soft made, hairy and carries lots of thickenss and lower third.
- Very good testicle development.
- The dam has been very productive, linking back to Colyer's 2059 bull. She also has a feature two year old bull in the sale, Lot 30.

Terms & Conditions

Terms: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The right of property shall not pass until after settlement is made. All settlements must be made with the clerks of the sale before any cattle will be released. The auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance to the sale with the owner or Sales Manager.

Bidding: Each animal is to be sold to the highest bidder. A reasonable price base may be set.

Disputes: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

Purchaser's Risk: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

Announcements: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue. Buyers are cautioned to pay close attention to announcements.

Certificate of registry: Each animal will carry papers issued by the Canadian Hereford Association. A certificate of registry duly transferred will be furnished to the buyers for each animal after settlement has been made.

Breeders Guarantee, bulls: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze. In no event shall the seller be responsible for more than the purchase price. The seller is not responsible

for damage caused by foreign bodies after the animal has been sold nor for sickness not apparent at sale time. At no time shall the seller's liability exceed the purchase price of the bull.

Exception guarantee: In cases where the animal was subjected to hormonal or surgical reproduction techniques after the sale, this guarantee shall be null and void.

Settlement: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question to be a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of the replacement animal, the Sale Management will appoint a mediator.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer, or sellers assume any responsibility in this matter and disclaim any liability, legal or otherwise, in the event of accident or loss of property.

Mail or telephone bids: Bidders unable to attend the sale may phone or mail their bids and instructions to the sale manager, auctioneer, or special representatives. Bids must be received in sufficient time prior to the sale.

Rights and obligations: The above terms and conditions of the sale shall continue a contract between the buyer and the seller and be equally binding to both.

Resale of animals following purchase in this sale shall constitute a separate transaction which is not covered by the terms and conditions of this sale.

USA Purchases: There will be a \$300 fee on all American purchases under \$5000 to cover health testing and brokerage fees.

Bulls Built to Last!
